

## Ohio Revised Code

### Section 1567.77 First aid equipment.

Effective: October 29, 1995

Legislation: Senate Bill 162 - 121st General Assembly

---

An operator shall maintain first aid equipment required on each working section by section 1567.61 of the Revised Code in the headgate entry at a point not to exceed one hundred fifty feet outby the longwall working face. No operator shall fail to comply with this section.
